Resource markers & workers: carefully fold in half vertically, lining up the symbols to form double-sided tokens. Use double-sided tape, spray adhesive, or white glue to set. Once dry, cut into rectangles with a razor or scissors.

Locomotives for moving resources on the board; cabooses for tracking score/speed/capacity. Or use your own markers – Ticket to Ride train cars are about the right size.

Use loose change to track money – metal is fun. Pennies and nickels work well in the US, or adapt as necessary.
